

Corrections to ARE[®] 5.0 Practice Questions, Second Edition

Division 4: Project Planning & Design

The following chapters contained the incorrect practice problems for the topics indicated in their respective chapter titles. Use this table to locate the correct practice problems.

Chapter Number	Chapter Title	Question Numbers
14	The Impact of Neighborhood Context on Project Design	No practice questions for this chapter.
15	Zoning & Environmental Influences on Site & Building Design	Ch. 21, problems 1-5
16	Applying Building Codes to Building Design	Ch. 14, problems 1-12
17	Integrating Multiple Codes into a Project Design	Ch. 15, problems 1-4
18	Determining Mechanical, Electrical, and Plumbing Systems	Ch. 16, problems 1-3 Ch. 17, problems 1-12
19	Determining Structural Systems	Ch. 18, problems 1-3
20	Determining Special Systems	Ch. 19, problems 1-7 Ch. 20, problems 1-4
21	Materials and Assemblies for the Envelope Structure	Ch. 22, problems 1-5 Ch. 23, problems 1-5 Ch. 24, problems 1-5
22	Selecting Building Envelope Materials and Assemblies	Ch. 25, problems 1-6 Ch. 26, problems 1-4 Ch. 27, problems 1-5 Ch. 28, problems 1-4
23	Interior Materials and Assemblies	Ch. 29, problems 1-7
24	Determining Building Configuration	No practice questions for this chapter.
25	Integrating Building Systems into a Project Design	No practice questions for this chapter.

26	Integrating Program Requirements into a Project Design	No practice questions for this chapter.
27	Integrating Contextual Conditions into a Project Design	No practice questions for this chapter.
28	Evaluating Design Alternatives	No practice questions for this chapter.
29	Evaluating Building Costs	No practice questions for this chapter.
